The Institute of Science & Management will be organising an Info Day on March 16 (Saturday) from 11am to 4:30pm. The event is open to the public. Parents and students are welcomed to visit the campus for more information. The institute has invited Mr. Gan Jiang Han, the renowned Astro news reporter to give a talk at 2pm on the same day. The topic of the talk is “How to Choose Your Future”, which helps students to have a clearer goal while navigating through their journey in life. The target audience of the talk is high school students, high school graduates as well as parents. Ticket is required for admission.

ISM was founded in December 1991 to provide local students the opportunity of further studies without having to leave their home. Apart from alleviating the financial burdens of parents, it helps students to perform better academically as they do not have to adapt to a new environment away from home. The institute received MyQuest 5-stars rating consecutively in 2014/2015 and 2016/2017. The programmes offered by ISM are Cambridge A Level, Diploma in Business Studies, Diploma in Accounting and Diploma in Agribusiness Management.

The institute offers a number of scholarships, including the QL scholarship, Heritage Opportunity Scholarship, Lee Chai Hai scholarship, ISM scholarship, and Leadership & Sports awards. Besides, Diploma students can apply for PTPTN loan. Recently, the institute has also started offering “zero tuition fee” scheme for Diploma students who meet the requirements, to reduce the financial burdens of less privileged families.

The activities of the Info Day include campus tour, students’ work display, Science experiments, programme consultation and personality test.

The admission tickets for Mr. Gan’s talk can be obtained at ISM (779623) and Wah Choi Pharmacy. For any enquiries, please contact 779623.

讲座 前途怎么选？

如果你心里觉得不踏实，欢迎前来聆听颜江瀚的分享。

中小学教育让我们学会了考试，却没教我们，考完以后该往何处去。未来几十年，我们该怎么过？该做什么？
